Lesson Plan Template

School Counselor: Dr. Monica Sparks/Dawson Elementary School Date: March 2015

Activity: Career Guidance Lesson

Grade(s):K-5

ASCA Student Standards (Domain/Standard/Competencies):

Career Development: Career Awareness, Exploration, & Information

Learning Objective(s):

1. Students will acquire skills to investigate the world of work in relation to knowledge of self.
2. Students will employ strategies to achieve future career goals.
3. Students will understand the relationship between personal qualities, education, and work.

Materials: Power Point, Paper, Markers, Tea/Coffee Dye, Hangars, Government Officials (photos, job duties, work locations), Playdough (flour, salt, oil, water, food color), Internet Connection for Websites (GCIC, GCIS Jr, PAWS, Colonial Williamsburg). Photos

Procedure: Provide background information to include discussion on careers & a brief history lesson and share photos from Jamestown, Williamsburg, & Yorktown. Show Power Point and explain the activities for the next 6 sessions.

Plan for Evaluation:

Process Data: 30-45 minute guidance lessons will be presented in a minimum of six sessions.

Perception Data: Students will explore, discuss and think about the world of work in relation to their personal traits. In addition students will gain an understanding of how careers evolve based on societial needs and desires.

Outcome Data: Student projects will be reviewed during class and some chosen for display and later returned to students.

Follow Up: Fifth grade students will present a career fair based on careers they research and reports and presentations they develop.
