

Station #6- Observe the picture and text resources.

Economic

1. What do you see? I see ... ; I see ... ; I see ...
Write down your 'I see ...' statements
2. Ask questions. Write them down on the resource for others to see.
3. What have you learned? Say: 'I think ... because ... '
(give evidence why you think this)

In March and Aprill they live much upon their fishing weares, and feed on fish, Turkies and squirrels. In May and June they plant their fieldes, and live most of Acornes, walnuts, and fish. But to mend their diet, some disperse themselves in small companies, and live upon fish, beasts, crabs, oysters, land Torteyses, strawberries, mulberries, and such like. In June, Julie, and August, they feed upon the rootes of Tocknough, berries, fish, and greene wheat.
